

NATIONAL FIRST RESPONDERS FUND 2022 STAIR CLIMB

WHY WE CLIMB

On a daily basis, Firefighters, Paramedics, and Police officers witness numerous tragic incidents while on duty. This recurrent, cumulative exposure to horrific events is the reason that more than 20% of First Responders suffer from Post-traumatic Stress Injuries (PTSI). Treatment options are available, but many of them are not covered by health insurance, and must be paid for out-of-pocket. Oftentimes, these costs are prohibitive for a hero in need of help and can create obstacles for them to ask for the help. Our goal is to eliminate the barriers and allow them to get the help they need.
